

SMT DESKTOP REFLOW OVEN T-937M

Desktop Reflow Oven T937M is a Lead-free (RoHS) Reflow Soldering Station with PC connectivity.

FEATURES

This oven solder lead free paste (RoHS) very well.

This oven can connect with PC, easy to input/set/transmit/adjust/save/manage wave data

Many kinds wave input style in control software, easy to set wave

The control software is with graphical display, display the wave intuitively.

Adopt stable and high-speed MCU and advanced intelligent temperature measurement technology, temperature in the oven is very stable, exact and even

Friendly human-machine operation interface, perfect LCD display, very easy to operate

Thermostatic timer function

Add the compensation circuit, make the oven temperature keep stable from different environment.

TECHNICAL SPECIFICATIONS

Soldering Area	: 350mmX400mm
Dimension	: 473mmX466mmX290mm
Net. Weight	: 20.7kg
Voltage/Frequency	: AC220~230V/50~60Hz
Power Rating	: 3300W
Cycle Time	: 2~16 min
Temp Range	: Room Temp ~350°C

Sole Exclusive Distributor for Sales & Services of NeoDen Products in INDIA
